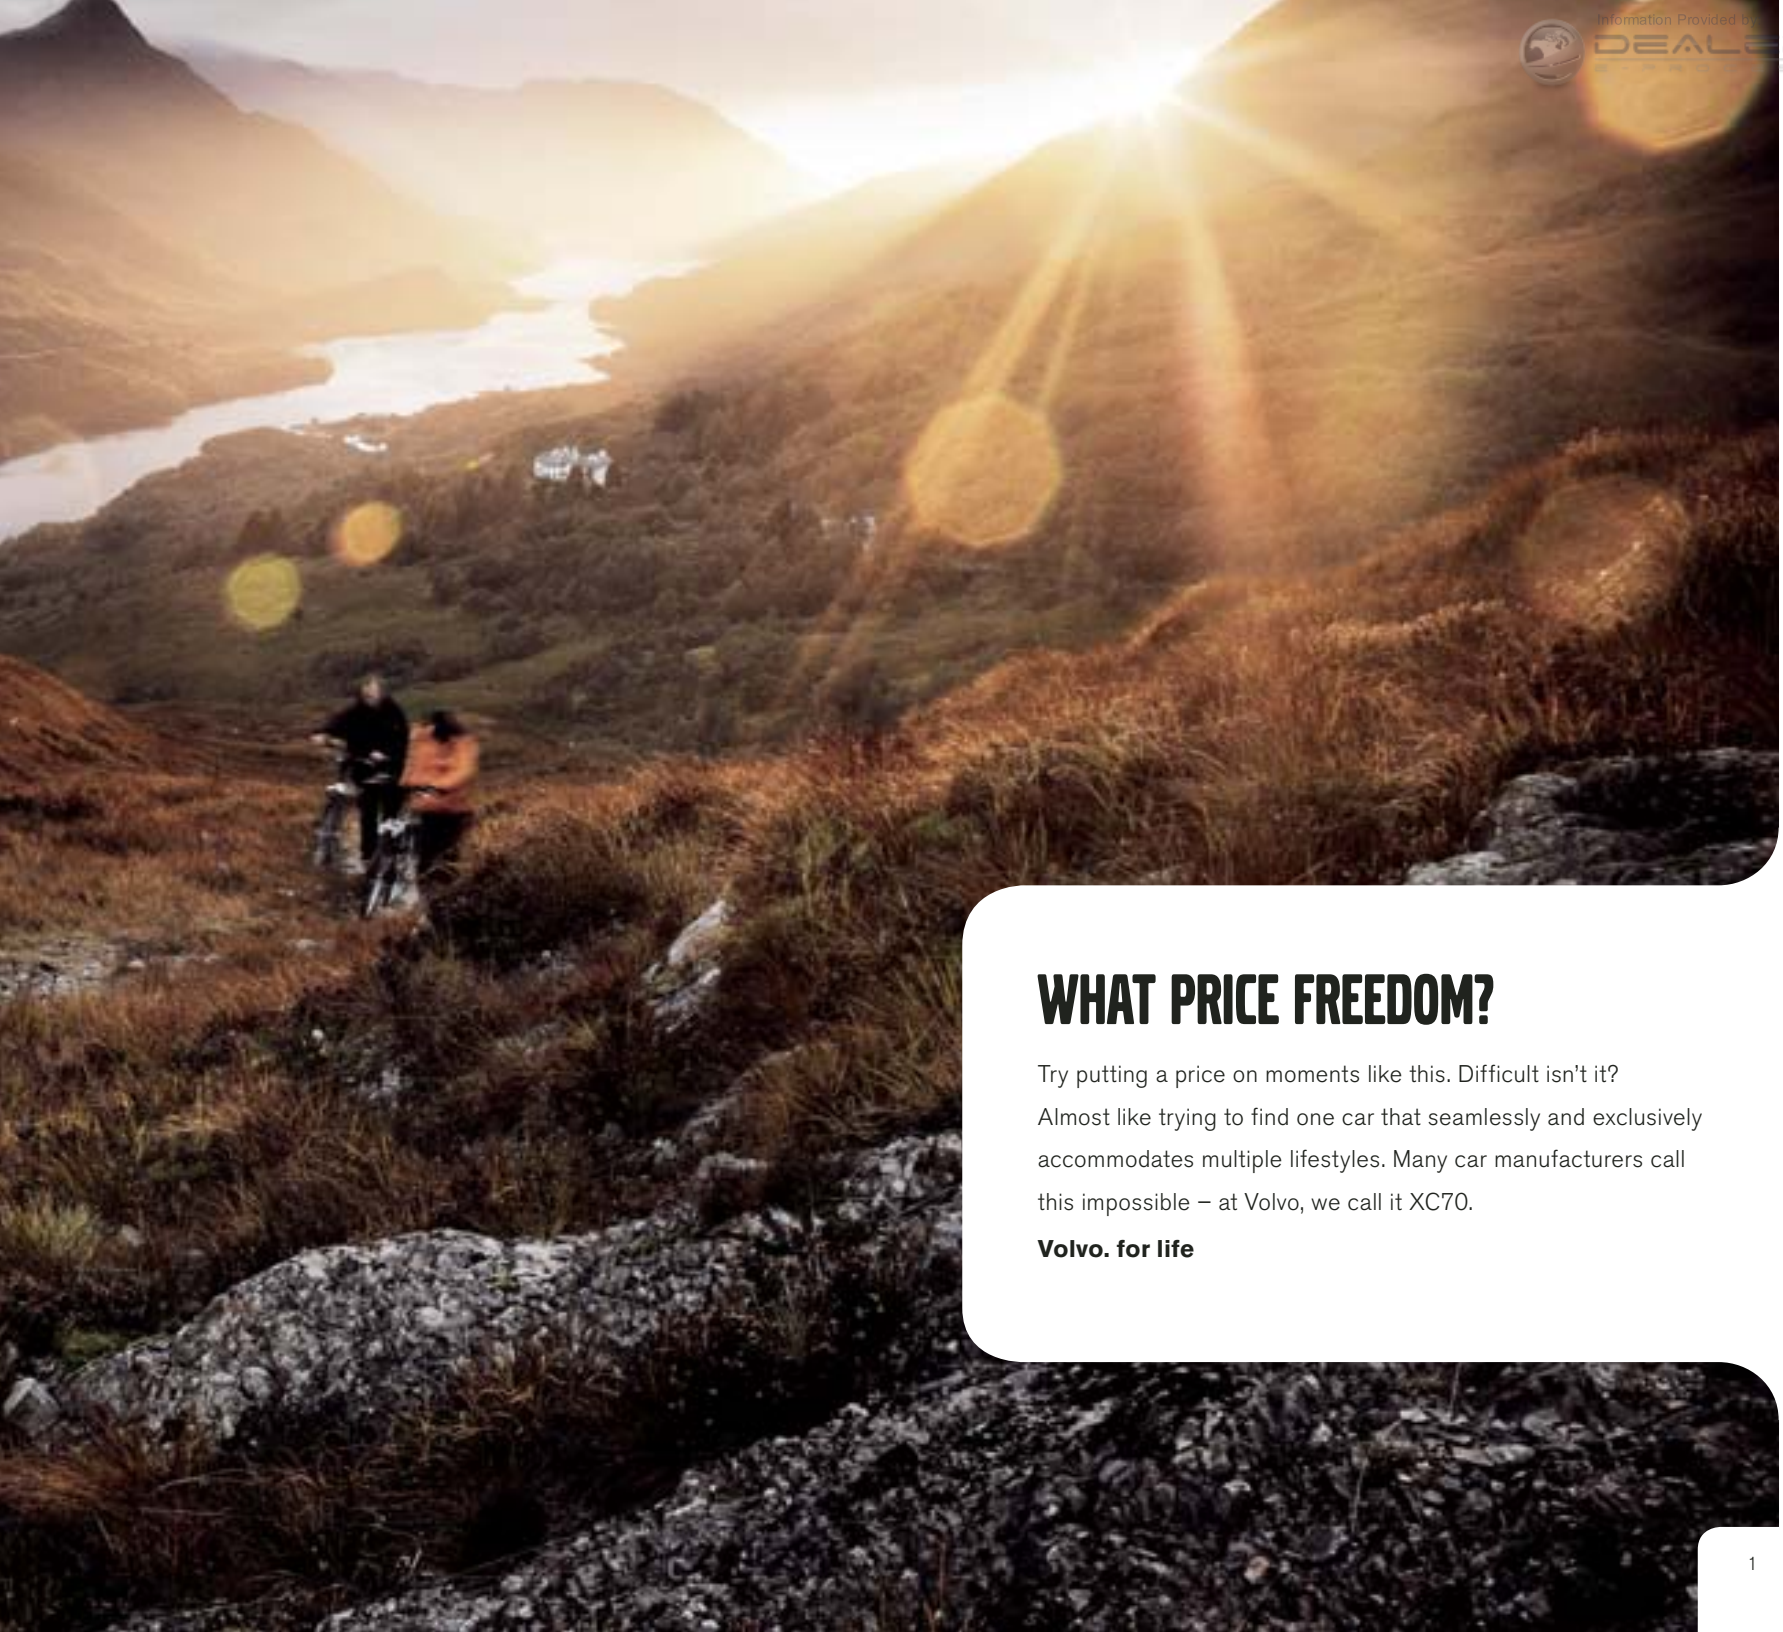
VOLVO XC70

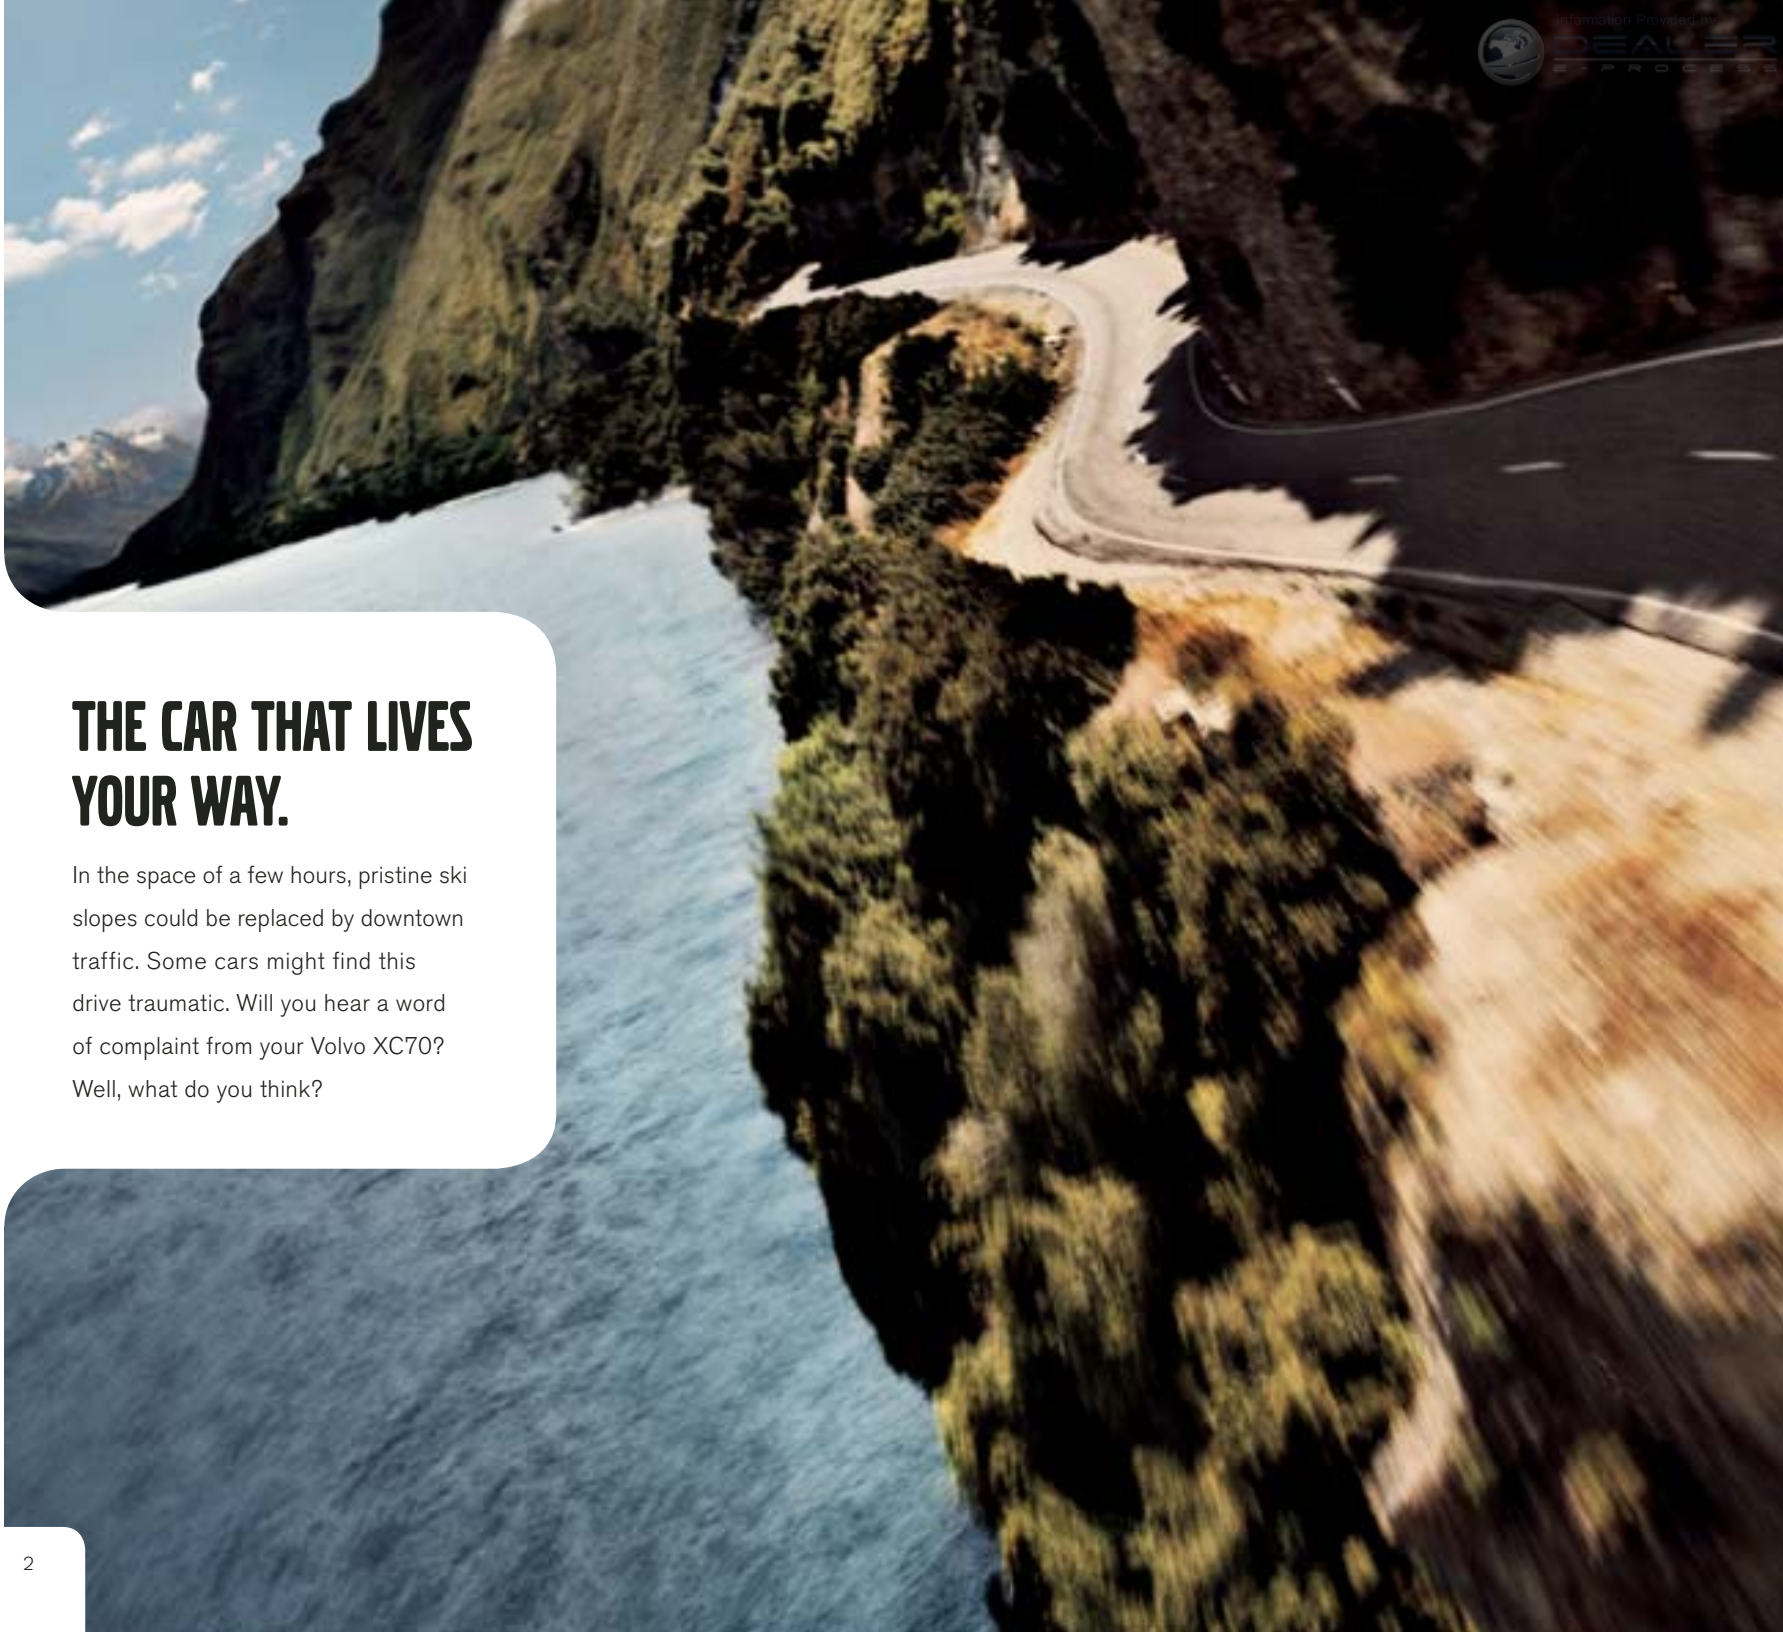
Information Provided by



WHAT PRICE FREEDOM?

Try putting a price on moments like this. Difficult isn't it? Almost like trying to find one car that seamlessly and exclusively accommodates multiple lifestyles. Many car manufacturers call this impossible – at Volvo, we call it XC70.

Volvo. for life



THE CAR THAT LIVES YOUR WAY.

In the space of a few hours, pristine ski slopes could be replaced by downtown traffic. Some cars might find this drive traumatic. Will you hear a word of complaint from your Volvo XC70? Well, what do you think?

AT HOME WHERE YOU ARE.

Wherever life – and living it to the full – takes you, the Volvo XC70 leads the way. Think power, refinement, versatility and style in any situation, any time. There was a time when your choice of car had to reflect your lifestyle. Say goodbye to those times.

COME ALIVE.

No matter how much it changes, this is one view you'll never grow tired of. Inside the Volvo XC70, intuitive design and facilitating features take you to a place where complexity is simplified and ergonomics and comfort live in harmony. Step inside and come alive.

SAFE BY NATURE – HUMAN NATURE.

Try to imagine a car that can see. A car that can think. A car that can intuitively react. Sounds like science fiction, right? Not in the case of the XC70. Its brain consists of some of the most powerful micro processing technology in the automotive world. Its eyes are advanced radar and digital camera technology. And its intuition? How about Collision Warning with Auto Brake* Driver Alert Control* and Lane Departure Warning*. Of course, we realize that no safety equipment can compensate for a fully alert and responsive driver, but with the support of these, and many other outstanding features, everyone lucky enough to travel in an XC70 enjoys world class driving safety. Naturally.

* Included in the Optional Technology Package

POWER LIBERATES.

The turbo engine in the XC70 T6 packs 300 hp of pure breakaway power. The naturally-aspirated XC70 3.2 provides an agile 240 hp. Both engines are mated to the six-speed Geartronic automatic transmission.

GOING DOWNHILL WAS NEVER THIS UPLIFTING.

Hill Descent Control* is one of the Volvo XC70's outstanding features. By simply pushing a button, it offers smooth, controlled and safe descents on steep, rough roads. The system controls braking on each wheel, allowing you to concentrate fully on steering. Away from the wilderness, Hill Descent Control also makes it easier to move off when towing a heavy trailer.

* Included with AWD

Information Provided by:

BELIEVING IS HEARING.

What's the most attractive feature of the XC70's Premium Sound System*? Is it the twelve-speaker system? Perhaps it's the Dolby® Pro Logic® II surround sound. Or how about the 5x130W digital class D amplifier? Maybe it's something simpler. Like the fact that wherever you sit in the XC70, music sounds just exactly the way it should. Your way.

*Included in the optional Multimedia Package

LIFE ENGINEERING.

Versatility. A word you hear quite often in the context of cars but one that takes on a whole new meaning in the case of the Volvo XC70. Especially when considering loading. Take the Volvo XC70's 40/20/40 split rear seats for example. The flexibility they deliver in terms of combining cargo and passengers let's you load up without compromising comfort or safety. They also leave a lot of room for something equally important – life. Or perhaps we should say 'lives'.

THERE'S MORE TO LIFE THAN A VOLVO. THAT'S WHY WE DESIGN OUR CARS TO SUPPORT YOU IN ANY SITUATION ON THE ROAD. THAT'S WHY OUR SAFETY TECHNOLOGY HAS PUSHED AUTOMOTIVE DEVELOPMENT FOR MORE THAN EIGHTY YEARS. THAT'S WHY WE AIM FOR A FUTURE WHERE CARS DON'T CRASH. THAT'S WHY WE LEAD THE WAY TO ZERO EMISSIONS, AND OFFER ONE OF THE PREMIUM SEGMENT'S STRONGEST RANGES OF LOW CO_2 ALTERNATIVES. AND THERE ARE ALL THE REASONS IN THE WORLD TO MOVE THE BOUNDARIES FOR WHAT'S POSSIBLE AND WHAT'S NOT. **THAT'S WHY WE INNOVATE FOR LIFE.**

INNOVATED FOR YOUR ENJOYMENT, THE VOLVO SAFETY TECHNOLOGIES WILL PROTECT MORE THAN THE FUN OF DRIVING.

Across the world, Volvo equals safety. And that comes with good reason, because few carmakers can match our record of safety innovations and the commitment for safety that has guided us for more than 80 years. Of course, this makes us extremely proud. But we're not satisfied. Because we know what we want to achieve: zero accidents. This huge task calls for innovative thinking and a brand new approach to the way we design cars. Good news is we've already come a long way. For starters, our cars are more fun and engaging to drive than ever (because a bored driver will never be a safe driver). Neither is the technology needed any figment of the imagination – some is already available. This means driving a Volvo today is like having a first peek at a very exciting automotive future – a future where passionate engineering and design do more to help you get the most out of life.

After all, there's more to life than a Volvo.

ALL-ROAD STABILITY.
Volvo's All-Wheel Drive (AWD) with Instant Traction™ enhances driving stability and traction in all weathers, all seasons and on all roads (standard on T6).
EYES IN THE BACK.
Park Assist and Park Assist Camera* let you know what's going on behind your car when reversing.
* Included in the optional Convenience Package and Multimedia Package
STAY ON TRACK.
Volvo's anti-skid system Dynamic Stability and Traction Control (DSTC) improves handling and safety in a wide range of challenging situations.

Information Provided by:
DEALER E-PROCESS

PERSONAL GATEKEEPING.
Inspired by fighter aircraft technology, the Intelligent Driver Information System (IDIS) can help reduce your workload in stressful situations.

POSITION CONTROL.
Lane Departure Warning* warns you if you begin to drift between the lanes.

* Included in the optional Technology Package

STAYING ALERT.
Driver Alert Control* alerts you if you begin to lose concentration and need a break.

* Included in the optional Technology Package

AN EYE ON THE BLIND SPOT.
The optional Blind Spot Information System (BLIS) helps you detect vehicles entering your blind spot.

ON-ROAD ENLIGHTENMENT.
Active Bending Lights with Dual Xenon technology expands your vision range when driving in the dark and provides considerably improved illumination around bends.

KEEPING A SAFE DISTANCE.
Collision Warning with Auto Brake* warns if you're too close to a vehicle in front and helps brake the car automatically if a collision is imminent.

* Included in the optional Technology Package

SMOOTH CRUISING.
Adaptive Cruise Control* automatically maintains your set speed and distance to the vehicle ahead of you.

* Included in the optional Technology Package

DESIGNED TO CATCH THE LIGHT BRILLIANTLY, THIS CAR ALSO REFLECTS A PROMISE.

Thankfully, the automotive industry is moving away from fantasyland to the real world. Our journey towards a better environment started already in the early 70's. Then we were among the first carmakers to acknowledge the environmental downside of cars and to do something about it. Since then we are constantly innovating to reduce the environmental impact of the cars and how we make them.

In near future we will introduce new technology such as plug-in hybrid vehicles that will further reduce CO_2 emissions and can be charged from a standard wall socket. And we're heavily engaged in the development of electrical vehicles – a technology that will dramatically reduce the environmental footprint of our cars and make them even more fun to drive.

Good for you, and for the world we share.

Information Provided by:
DEALER E-PROCESS

ALLERGY-TESTED INTERIOR MATERIALS.

All our upholsteries and interior textiles are tested for certain allergy-inducing or harmful substances. And several interior metal details are tested with regard to contact allergies. Good for you, and for anyone who shares your ride.

FRESH CABIN AIR.

Continuously monitoring incoming air and shutting out carbon monoxide, ground-level ozone and nitrogen dioxide, Volvo's optional Interior Air Quality System helps ensure that the air you breathe in the car is cleaner than that outside when driving in heavy city traffic.

FUEL-SAVING DESIGN.

To reduce energy-losses from wind and roll resistance, we utilise advanced aerodynamic design, light-weight materials and low friction technology. Together with state-of-the-art engine technology, this lowers your CO_2 emissions and helps you travel further on fuel.

CLEANER EXHAUST.

Fast responding after a cold start, Volvo's advanced emission control eliminates between 95 and 99% of carbon monoxide, hydrocarbons and nitrogen oxides from engine exhaust gases.

BRAKE FOR ENERGY.

Everytime you brake, the battery is fed with extra power. Smart and fuel-saving.

85% RECYCLABLE.

To help minimise its total environmental impact, every Volvo is designed to facilitate recovery and recycling at the end of its useful life.

PACKAGES

CLIMATE PACKAGE
In a Volvo you're always prepared to deal with the ever-changing forces of nature. And to increase comfort when driving in cold, rain or snow – simply add the Climate Package.

- Heated rear seats (N/A with booster seats)
- Heated front seats
- Heated windshield washer nozzles
- Headlight washers
- Rain sensor
- Interior Air Quality System (IAQS)
- Humidity Sensor

CONVENIENCE PACKAGE
The wide range of considerate and practical features makes life with your Volvo a truly enjoyable experience. And by adding the Convenience Package, you expand your freedom even more.

- Electric folding rear headrests
- Cargo cover
- Grocery bag holder, cargo area
- Tinted rear windows
- Park assist, front and rear
- Power operated tailgate
- Private locking
- 12 volt outlet, cargo area
- Homelink™
- Audio dimming and compass in rear view mirror

PREMIUM PACKAGE (3.2)
A Volvo offers you long, relaxed drives and more spirit in your daily life. The Premium Package will provide you with some necessities for that extra ambience and convenience.

- Modern wood inlays
- Leather seating surfaces
- Power glass moonroof
- Power passenger seat

MULTIMEDIA PACKAGE
Wherever the road may take you, adding the Technology Package to your Volvo helps you to see the twists and turns and keeps you entertained along the way.

- Premium Sound System® with Dolby Pro Logic II Surround
- Navigation System with real time traffic, remote control and Map Care with two complimentary updates
- Rear Park Assist Camera

TECHNOLOGY PACKAGE
Wherever the road may take you, adding the Technology Package to your Volvo helps you to see the twists and turns and keeps you entertained along the way.

- Adaptive Cruise Control
- Collision Warning with Auto Brake
- Distance Alert
- Lane Departure Warning
- Driver Alert Control

EXTERIOR DESIGN.

The XC70's muscular yet lean design characteristics can both seduce and deceive. Its seductive nature is obvious. Horizontal lines give the car a wide, low look while the vertical design qualities have been emphasised to create a tough, rugged and stable impression. As for deceptive, we were referring to load capacity. And in the case of the XC70, this is anything but lean. The XC70 is also a blank page on which you can write your own personal signature by adding side scuff plates, aluminum crossbars, a roof spoiler or any one of many other eye-catching touches.

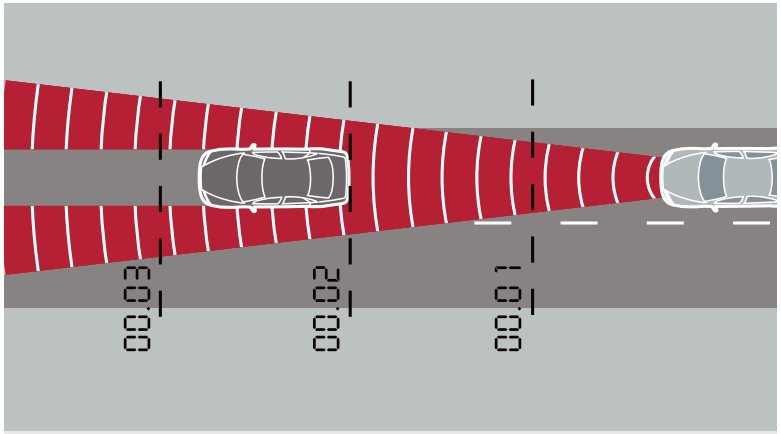
SAFETY

At the core of every car we make, state-of-the-art technology helps support the driver and protect the occupants. And to further enhance the Volvo safety experience, there's a range of supplementary safety technology – for more performance and peace of mind.

SAFETY Preventive



Adaptive Cruise Control (ACC) with Distance Alert*
Helping the driver to keep a safe distance from vehicles in front at speeds over 20 mph, ACC is a supportive partner for a more relaxed driving experience on long journeys and motorways. Just select the desired speed and the minimum time gap to the vehicle in front. When the radar sensor detects a slower vehicle in front, the speed automatically adapts to that vehicle. And when the road is clear, the car resumes the selected speed. If ACC is disengaged and a vehicle in front comes too close, Distance Alert activates a red warning light in the lower section of the windscreen to help you keep a proper distance.

* Included in the optional Technology Package

Collision Warning with Auto Brake (CWAB)*
Primarily designed for highway driving, CWAB can warn you if you're too close to a vehicle in front and – if a collision can't be avoided – can activate the brakes to help mitigate the impact. Within a range of 150 metres, a radar sensor behind the grille and a digital camera behind the windscreen continuously monitor the distance to the vehicle driving in front of you. If the vehicle suddenly brakes (or is stationary) and Collision Warning senses that a collision is likely to happen, it will alert you to act with a flashing red warning light on the windscreen along with an audible alarm. Moreover, this technology supports driver-initiated braking by pre-charging the brakes to quickly prepare for panic braking and help shorten the reaction time. If you don't react to the warning and a collision is imminent, the brakes will activate automatically.

* Included in the optional Technology Package

Information Provided by:
DEALER E-PROCESS

Driver Alert Control (DAC)*
Up to 90% of all traffic accidents are caused by driver distraction. Driver Alert Control is a unique technology that can help alert a tired or distracted driver at speeds over 40 mph. Using signals from a digital camera to monitor the road ahead along with data from steering wheel movements, DAC can compare erratic behaviour to your normal driving style. If DAC detects that you begin to drift within your lane, you receive an audible warning. At the same time, a message is displayed in the instrument panel suggesting it might be time for a break.

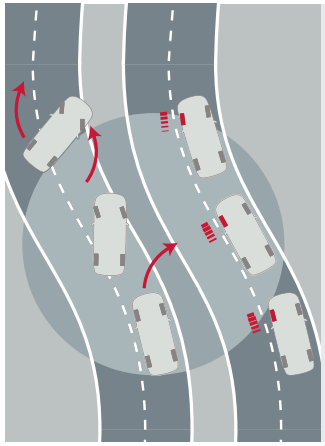
* Included in the optional Technology Package

Lane Departure Warning (LDW)*
At speeds over 40 mph, Lane Departure Warning can help prevent single-vehicle road departures as well as collisions caused by temporary distraction. This function uses the digital camera to register the lane markings and help monitor the car's position on the road. If you weave out of your lane, LDW will alert with an audible signal. If you intentionally cross a lane marker using the direction indicators, LDW is not activated.

* Included in the optional Technology Package

Adaptive brake light
Active at speeds above 30 mph, the adaptive brake light can sense the difference between normal and panic braking. If it is a panic situation, all the brake lights will flash at a rate of four times per second. Once your speed slows to below 19 mph, the lights stop flashing and hazard lights flash instead.

Intelligent Driver Information System (IDIS)
To help avoid distractions during critical driving situations, IDIS constantly analyzes your driving and will delay secondary information from the car or one of its onboard systems – such as the GSM phone – when it detects intense steering, braking or acceleration. As soon as things calm down, the phone call or the delayed information is presented. IDIS can be set up to let GSM calls through in all driving situations.



Dynamic Stability and Traction Control (DSTC)
By helping prevent fishtails, spinouts, and rollovers, stability control technology like DSTC has been described as one of the most vital safety advances of the past decade. At the core of DSTC, a gyroscope senses the car's direction and compares this with steering wheel movements as well as the actual rotation of the car's wheels. DSTC is able to detect a potential skid and help counteract this by reducing the engine's power output, or braking on one or more wheels.

Dual Xenon Headlights with Active Bending Lights
In addition to improving illumination by using Dual Xenon light technology, the Active Bending Lights give a boost to your vision round bends at night. Controlled by microprocessors, the motorised lamps turn up to 15 degrees in either direction when driving – reliably lighting up your chosen path.
A twilight sensor disengages the adaptive function during daylight to extend its life span.

* Optional

Information Provided by:
DEALER E-PROCESS

In a Volvo, safety is about interaction. Because it's not the number of safety features that determines how safe a car is. It's how well they seamlessly interact to help keep the occupants out of harm's way.

In a rear impact the rear deformation zones will help absorb crash energy. The fuel tank is designed to remain well protected in front of the rear axle. The head restraints help protect the neck and spine, and Volvo's unique Whiplash Protection System (WHIPS) cradles the front seat occupants in a controlled manner to help prevent whiplash injuries.

In a side impact Volvo's unique Side Impact Protection System (SIPS) helps distribute the crash forces across the car's body, away from the occupants. The dual-chamber side airbags in the front seats help protect the chest and hip, while the Inflatable Curtain (IC) adds head protection.

In a roll-over the robust safety cage and the reinforced roof structure together with the safety belts and belt pre-tensioners will help protect the occupants. If the car first has been hit from the side, the Inflatable Curtain (IC) deploys to help provide head protection.

In a frontal collision the patented frontal structure will yield to help absorb and disperse crash energy. The compact power train is designed to help optimise deformation. Inside the car, safety belts interact with the collapsible steering column and dual-stage airbags to help keep the occupants out of harm's way. A lower cross member helps protect occupants in an oncoming car with lower positioned bumpers.

Information Provided by:
DEALER E-PROCESS

Restraint technologies
In a collision, Volvo's restraint technologies interact to help reduce the impact. The **safety belts with pre-tensioners** activate within a few thousandths of a second in the event of a collision and tighten the belt to help keep the occupants securely restrained. The front seat safety belts then release a little so that the driver and passenger are cushioned by the airbags in a controlled manner. Helping to optimise protection, the **dual-stage airbags** adapt the level of inflation depending on the force of the collision. The driver's airbag also interacts with the deformation of the collapsible steering column.

Dual-chamber side airbags in the front seats help reduce the risk of serious injuries in a side collision. Two separate chambers are inflated at different pressures to help optimise protection of the chest and hip on the front seat occupants. The **Inflatable Curtain (IC)** helps protect the heads of both front and rear outboard occupants. It also stays inflated for some seconds to provide prolonged protection for subsequent impacts. And to help protect children in the rear seat, IC interacts with the two-stage integrated booster cushions and the belt load limiters.

Whiplash Protection System (WHIPS)
Integrated in the front seats, Volvo's WHIPS cradles the occupant to help reduce the risk of whiplash injury (one of the most common types of traffic injury and often the result of a low-speed rear impact collision). The function is activated by a collision of sufficient force from behind. Independent research has shown that WHIPS is one of the most effective systems in the world and can reduce the risk of long-term invalidity by 50%.

Energy-absorbing frontal structure
In developing this Volvo's protective qualities, we have focused on frontal collisions at both higher speeds and with heavier vehicles. The patented frontal structure with its sizeable deformation zones in different kinds of steel will yield to help absorb crash energy. The compact power train is designed to help optimise deformation. The unique geometry of the frontal structure and longitudinal steel struts in the doors help disperse crash energy away from the front to the rear of the car, further helping to reduce the strain on the occupants. A steel strut under the dashboard further helps keep the cabin intact.

Side Impact Protection System (SIPS)
SIPS is a Volvo unique safety system that has been developed to help protect where occupants are most exposed to the crash forces. The steel framework of the car – including the front seats – is designed and reinforced to help displace the impact of a side-collision away from the occupants to other parts of the car body and help prevent intrusion into the cabin. The extremely strong side structure is built-up with ultra-high strength steel and softer grades of steel to help withstand a severe side impact – even with a larger vehicle. The Inflatable Curtain (IC) for all the outboard occupants and the front seat dual-chamber side airbags interact to help provide further protection. In the rear seat, the combination of extended IC and Volvo's integrated two-stage booster cushion with progressive safety belt load limiters helps protect children.

Information Provided by:
DEALER E-PROCESS

Your car is locked.
Your car is unlocked.
The alarm has been triggered.
Press here to see the actual status of your car (within a range of 200–300 feet) or the car's status when you left it (outside the range).

Personal Car Communicator (PCC)*
The optional PCC is an advanced remote control that combines keyless drive with two-way communication with your Volvo. Keep the PCC with you and the car unlocks automatically as you pull the door handle. Start the engine by pressing a button on the dash, lock the car by pressing a button in the door handle. Later in the day, if you're wondering whether you've locked the car, PCC can remind you; no matter where you are. On your return to the car – within a radius of 200 to 300 feet – pressing the PCC information button will give you a current report on its status. If the alarm has been activated.

* Optional

Power retractable door mirrors with ground lighting*
At the touch of a button, these door mirrors can be folded flat against the car where they are less likely to get damaged after you've parked. They also fold or unfold automatically every time you lock or unlock the car. The integrated ground lighting is activated with the remote control or with the PCC. Beyond enhancing security to and from your car at night, this is also convenient when getting in and out.

* Included with the optional Blind Spot Information System BLIS

HomeLink®*
With buttons integrated in the sun visor, HomeLink® allows you to operate remote controlled home appliances – such as garage door, home alarm and exterior lighting – without leaving the car.

HomeLink is a registered trademark of Johnson Controls Technology Company.

* Included in the optional Convenience Package

Approach and Home Safe Lighting
Activated with the remote control or Personal Car Communicator, Approach Lighting provides a warm reception on a dark night. This consists of interior and side lights – ground lighting too, if you choose it. Home Safe Lighting is activated with the headlight stalk as you leave the car and it provides a similar courtesy when exiting your car. This feature includes a dipped beam from the headlight to accompany you to your door.

Lockable floor
To further foil smash and grab burglaries, the closed tailgate – just by the function of its design – overlaps and seals the compartment hidden under the cargo floor. To keep this private storage area inaccessible to other users of the car, e.g., valet parking, you can include the tailgate when setting your private locking preferences.

Information Provided by:
DEALER E-PROCESS

COMFORT

A Volvo is always designed for more than one. Our technology aims to enhance the feel-good factor for everybody with the privilege of riding in a Volvo. And to further improve comfort and convenience, there's a range of clever equipment – customized for your Volvo and the people inside it.

COMFORT Seats

Power front seats*
Find your perfect driving position with push-button ease. The driver's seat also incorporates a memory function that stores three separate seat and door mirror settings connected to a specific remote control – a feature that's appreciated when the car has several drivers.

* Driver and Passenger power seat standard T6. Power passenger seat included with Premium package on 3.2

Heated front seats*
Adjustable in three settings, heated seats for the driver and front seat passenger add to comfort on those cold mornings.

* Included in the optional Climate Package

Information Provided by:
DEALER E-PROCESS

COMFORT Climate

Power glass moonroof*
This makes the interior feel extra light and airy. It opens and closes at the touch of a button. If the sun is too strong, just close the built-in sun screen. The moonroof can also be closed together with the side windows using the central locking remote control.

* Included in the optional Premium Package on 3.2 models, standard on T6

Electronic Climate Control (ECC)
Electronic Climate Control (ECC) maintains the cabin temperature you choose and can be set independently for the driver and front passenger. Furthing contributing to your health and comfort, Volvo's unique humidity sensor helps ensure cabin air has an appropriate level of humidity according to the outside climate.

Interior Air Quality System (IAQS)*
Volvo's IAQS continuously monitors incoming air and will, if necessary, temporarily close external air vents to shut out carbon monoxide, ground-level ozone and nitrogen dioxide. Meanwhile, an active carbon filter protects the occupants from other harmful gases and unpleasant odours. This helps to ensure that the air you breathe in the car is cleaner than that outside when driving in heavy city traffic and tunnels.

* Included in the optional Climate Package

COMFORT Storage

Front center armrest, multifunctional
The central aisle of the cabin incorporates several facilities. Two cup holders are concealed by a roll-top cover. There's a handy storage space beneath the armrest, and special recesses for small items. Folding back the upper part of the armrest will provide a convenient table for the rear seat passengers. The armrest also features an AUX input and – depending on your choice of audio system – a USB port to connect your MP3 player to the car's audio system.

Sun glass holder*
Fitted in place of any of the entry grab-handles in the front, this holder keeps your glasses or sun glasses within reach. Simply press the oil-damped cover and it opens up.

* Retailer installed accessory

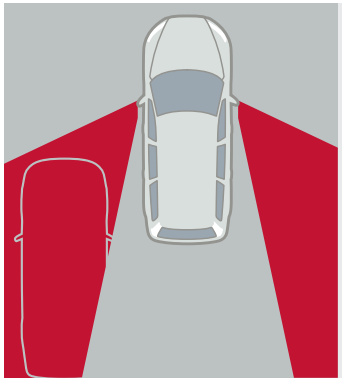
DEALER E-PROCESS

TECH & SOUND

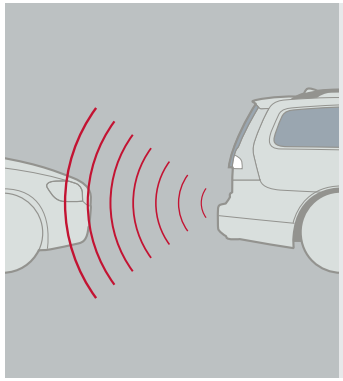
Employing the latest information technology, your Volvo is prepared to support and entertain you at a very high level. Surround yourself and your friends with world-class sound and enjoy the innovations that help ensure your command of the road and the pleasure of travelling.

TECH & SOUND Driver's support



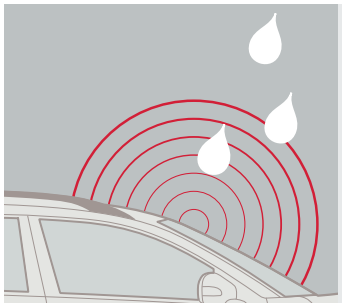
Blind Spot Information System (BLIS)*
BLIS uses rear-facing cameras installed in the door mirrors to keep a lookout on either side of the car. As a vehicle enters your blind spot, this function can alert you with a lamp built in to the front door post – left or right. Together with the door mirrors, this helps you assess the feasibility of a lane change. BLIS is activated once the car exceeds 6 mph, and reacts to almost any type of vehicle from a motorcycle upwards, day or night.

* Optional



Front and rear park assist
Activated when you engage reverse gear, rear park assist helps you when reversing into tight spaces. The audio system is turned down and a pulsating sound from the rear loudspeakers becomes a continuous tone as you approach an obstacle. Front park assist performs a similar function at the front of the vehicle – alerting you via the front loudspeakers. The remaining distance is also shown on the audio display.

* Included in the optional Convenience Package



Rain sensor*
Once activated, the rain sensor can start the windscreen wipers as soon as it begins to rain or if water splashes onto the windscreen. It can also automatically adapt the intermittent windscreen-wiper function. Its sensitivity can be adjusted via a ring on the wiper stalk.

* Included in the optional Climate Package

Park Assist Camera*
If the car is equipped with the optional navigation system the park assist camera, helps display what's going on behind your car when reversing. The system uses the navigation screen and a camera discretely located over the license plate. On-screen guiding lines provide extra assistance for smooth parking.

*Included in the optional Multimedia Package

Automatically dimmed inner rear-view mirror
This is a mirror that automatically adjusts itself to deflect the headlamp beams of the car behind you. When there's no light to dazzle you, it automatically readjusts to its normal setting.

Electric Parking Brake
The Electric Parking Brake (EPB) makes moving off from steep gradients easier. Once depressed, the control lever automatically releases as the car pulls away.

DEALER E-PROCESS

TECH & SOUND Communication

Navigation System with RTT (Real Time Traffic) and Map Care*

Volvo's navigation system is totally integrated with your car. It offers both voice guidance and graphic navigation all the way to your destination. The system is easily controlled from the steering wheel or a remote, and the screen is positioned so you can keep your attention on traffic. Two complimentary Map Care updates are included.

Maps do not cover all areas or all routes within an area. Also constant expansion and rebuilding of the road network mean that the digital map database is not always the latest road information. Always follow relevant regulations and road information.

* Included in the Optional Multimedia Package

Integrated Bluetooth® handsfree system

Bluetooth® technology enables a mobile phone to be connected to the infotainment system in your Volvo – wirelessly. Once configured for a mobile phone, the system automatically recognizes your phone as you enter the car. You then operate your phone using the buttons in the steering wheel. As you climb in and out of the car, the system automatically allows you to switch freely from the phone to the handsfree system and back again.

® The Bluetooth word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Volvo Car Corporation is under license. Other trademarks and trade names are those of their respective owners.

TECH & SOUND Audio/Entertainment

Rear Seat Entertainment (RSE) dual screen*

With Volvo's new generation DVD-based RSE dual screen, the rear seat passengers can enjoy a film or play a game – together or separately. Adding a digital TV receiver, passengers can also watch terrestrial TV broadcasts while travelling. Two 8-inch widescreen displays are integrated in the front seat head restraints and provide excellent image quality. Wireless headphones keep things calm in the cabin and you can listen to the music or program of your choice. Via an AUX input, you can also connect external devices such as an iPod®, MP3 player, extra DVD player or a digital camera. The RSE system is an integrated part of the car. It matches the interior perfectly and is available with all upholsteries.

* Retailer installed accessory

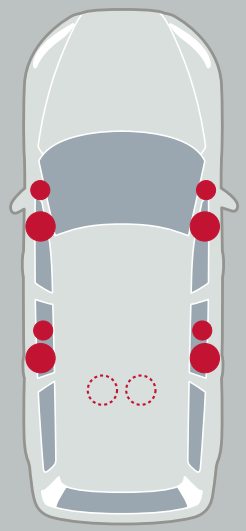
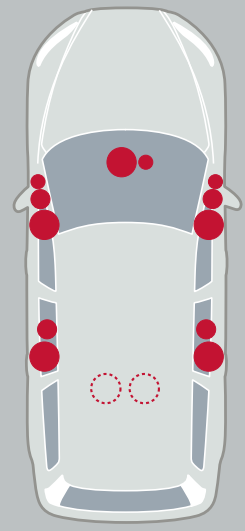
DEALER E-PROCESS



High Performance
This is a powerfully versatile system. Each loudspeaker is fitted with a more powerful magnet and a larger coil. In combination with the amplifier, this system promotes excellent transient reproduction and high power – quite simply superb sound.
This High Performance system includes:

- In-dash CD
- 4x40 W amplifier
- 8 High Performance loudspeakers
- MP3 and WMA compatible CD player
- AUX and USB input

HD Radio



Premium Sound System*
This is our top-of-the line audio system designed for dynamic clarity with the entire sound spectrum. This system features twelve loud-speakers. In addition, Dolby® Pro Logic® II Surround helps tailor a well-balanced audio experience for each occupant. Premium Sound includes:

- In-dash CD
- 5x130 W digital class D amplifier
- Dolby® Pro Logic® II Surround
- 12 Premium Sound loudspeakers
- MP3 and WMA compatible CD player
- AUX and USB input

Sirius Satellite Radio with complimentary six month subscription*

HD Radio

Dolby, Pro Logic, and the double-D symbol are registered trademarks of Dolby Laboratories.

* Included in the optional Multimedia Package

MP3 compatibility
There are a number of ways to enjoy MP3 music files in your Volvo. If you'd like to connect your personal MP3 player to the audio system, there's a standard auxiliary audio input in the front center armrest. Volume is conveniently controlled from the steering wheel, center console or rear seat audio console. Choosing the High Performance or Premium Sound audio system, there's also a USB port that allows you to fully integrate your iPod®, MP3 player or USB device with the audio system. Playlists, songs and artists are clearly displayed in the center console, while your player will be charged at the same time. These audio systems also feature a MP3 and WMA compatible CD player. For the Performance audio system, you can add a separate USB and iPod® Music Interface (accessory) to connect your MP3 player.

iPod is a trademark of Apple Computer Inc.

SIRIUS

Sirius satellite radio*
Satellite radio is now standard in your Volvo. Volvo has joined forces with Sirius to offer an integrated satellite solution that is sure to provide endless listening enjoyment.

* Includes a complimentary six month subscription

PACK & LOAD

A world champion in versatility, Volvo has a proud heritage in providing smart solutions for both cargo and passengers – without compromising safety or comfort. So whatever you need to expand your world and the capabilities of your Volvo, here you'll find some practical equipment to make it happen.

PACK & LOAD Compartment

Three-split 40/20/40 rear seat
The rear seats feature 40/20/40 splits that provide two distinct seats with a solid armrest in the middle. This armrest can also be raised to provide a middle seat. Lowering the entire center section provides ample space for loading long items. To provide multiple load configurations with a flat load floor, each seat can be folded separately or together.

Foldable front seat backrest
To help you carry long objects inside your Volvo, the front passenger seat backrest can be conveniently folded flat.

Information Provided by:
DEALER E-PROCESS

PACK & LOAD Compartment

Cargo compartment
The wide tailgate opening facilitates loading and unloading. The cargo volume is 20.3 cubic feet with the rear seatbacks up. This includes up to 1.6 cubic feet cleverly hidden under the floor.

Power tailgate*
The tailgate can be opened automatically three ways: with the remote control, using the switch on the dashboard, or by pulling the handle. To help minimize risk of injury, only a switch in the tailgate can be used to trigger automatic closing. Also, an anti-pinch strip around the tailgate opening can detect obstructions to help avoid pinching fingers and things.

* Included in the optional Convenience Package

Load compartment mat, reversible and foldable*
Allows you to maintain the elegant appearance of the load compartment even if you occasionally transport dirty loads. With folded rear seat backrests, just fold out the mat to cover the entire load compartment floor. The mat is reversible and waterproof, with color-keyed textile on one side and plastic on the other.

* Retailer installed Accessory

Interior load carrying system
Volvo's innovative loading system features aluminum load rails in the floor with four sliding retractable hooks and attachment panels on both sides of the cargo compartment. Several accessories are available to insure nearly limitless versatility for anchoring and organising your gear.

Load divider*
This smart accessory consists of an elastic net and two aluminum rods that can be easily placed in different positions, for example, to separate dirty or wet objects from other cargo, or to protect fragile items.

Attachment panel with load hooks*
These hooks help increase cargo area safety and convenience by making it easy to anchor cargo with nets, straps or other accessories. They can be placed where you need them most for maximum flexibility.

Side net*
Keep luggage and loose items from shifting in the cargo compartment. With practical side net storage along either side of the load compartment.

Load securing net*
Attached to the floor-mounted load loops, this elastic net helps keep your gear securely in place in the cargo compartment. Color-coordinated with the interior.

* Retailer installed Accessory

Information Provided by:
DEALER E-PROCESS

Load cover
Use this retractable load cover to conceal your gear in the load compartment. It's color-coordinated with the interior.

Steel Cargo Barrier*
Made out of steel, this helps protect the occupants from unsecured cargo during hard braking. When it's not needed, just raise it parallel to the roof panel. Color-coordinated with the interior.

* Retailer installed accessory

Grocery bag holder*
This integrated holder unfolds from the load compartment floor and keeps your shopping bags and other similar items in place.

* Included in the optional Convenience Package

Electric cooler and heater box*
Beyond keeping your drinks cold in the load compartment, this can be used as a hot box to keep food warm. This connects to the power outlet in the load compartment.

* Retailer installed accessory

Complete dirt protector*
This durable vinyl liner covers the floor, the sides of the rear cargo area and the backs of the seats to protect against grime and water. It is simple to mount. The backrest section of the liner is split to allow the rear seat backrests to be folded down separately. The rear section can also be folded out to cover the bumper.

* Retailer installed accessory

Roof load carrying system
To help you fully utilize the roof of your Volvo, we've developed a range of versatile load carrying accessories. This system is dimensioned to carry up to 220 pounds. The factory-fitted attachment points in the car's roof make the load carriers easy to fit, and even quicker if your car has roof rails. Various load accessories – such as roof boxes and different holders for bikes, skis, surfboards and kayaks – can be attached to the load carriers to meet your needs. These accessories can be freely combined for flexibility and many are aerodynamically designed to help reduce fuel consumption and wind noise. And most of them can be locked with the same key, using Volvo's One-Key System.

Square profile hitch
This robust detachable hitch is not only great for towing but can also be used to transport bikes, skis and other loads.

PERFORMANCE Specifications

ENGINE

Six-cylinder ,in-line, all-aluminum engines.

Double overhead cam-shafts, 24 valves with Variable Valve Timing (VCT). These engines also feature Variable Intake System (VIS) and Cam Profile Shifting (CPS) on the intake camshaft. Electronic engine management system. Three-way catalytic converter with heated oxygen sensor.

These highly compact, in-line, six-cylinder engines meet high expectations in terms of performance, comfort and environmental care. Their smooth running and responsive character provides a relaxed yet responsive drive at all speeds. Advanced engine technology, such as a new intake system, helps increase torque over a wide speed range and ensures power at high rpm. On the T6, twin-scroll turbocharger technology provides extremely quick turbo boost. And depending on your driving style and the situation, the intake valve train automatically switches between economy and performance modes to optimize efficiency. The engines' compact design aids safety performance in a frontal collision. The latest generation of fast response emission control technology ensures that the engines comply with stringent environmental standards such as California's ULEV II.

Volvo XC70 T6 AWD (300 hp)
Engine type: 3.0-liter in-line six-cylinder turbo chared engine
Max power output: 300 hp at 5600 rpm
Max torque: 325 ft./lbs. at 1500 – 4800 rpm
Acceleration: 0-60 mph 7.1 sec
Top speed: 130 mph
Fuel consumption, MPG, mixed cycle: 16/22 – 18 comb
Environmental classification: ULEV II
Transmission: Six-speed Geartronic automatic
Fuel tank: 18.5 US Gallons

Volvo XC70 3.2 AWD (240 hp) / 230 hp PZEV
Engine type: 3.2-liter in-line six-cylinder engine
Max power output: 240 hp at 6200 rpm
Max torque: 236 ft./lbs. at 3200 rpm
Acceleration: 0-60 mph 8.4 sec
Top speed: 130 mph
Fuel consumption, MPG, mixed cycle: 16/22 – 18 comb
Environmental classification: ULEV II
Transmission: Six-speed Geartronic automatic
Fuel tank: 18.5 US Gallons

DRIVELINE

Front wheel drive (FWD) on 3.2. Electronically controlled all-wheel drive (AWD) with Instant Traction™ is optional on 3.2 and standard on T6. A six-speed Geartronic automatic (allowing manual shifting). Power is continuously distributed to all four wheels by Volvo's pre-charged electronically controlled AWD with Instant Traction™. This minimizes wheel spin for immediate acceleration and reassuring stability in all conditions. The six-speed Geartronic—a responsive automatic that's ideal for relaxed driving, tough conditions or towing. This also allows manual gear shifting so you can maintain a lower gear to bring up engine speed, or for the added assistance of engine braking. A special winter setting makes it easier to move off and maintain grip on slippery surfaces. The standard Hill Descent Control (HDC) offers a smooth and controlled hill descent on steep, rough roads using the brake system to control each wheel's speed.

CHASSIS

Front suspension with spring struts (McPherson), anti-dive and anti-lift function. Active multi-link independent rear suspension. Anti-roll bars front and rear. DSTC (Dynamic Stability and Traction Control).

The Volvo XC70's all-road capability is based on generous ground clearance of 8.2 inches, a low center of gravity and an advanced chassis. The rigid body promotes optimal suspension function and well-balanced handling with a high level of comfort. The front and rear suspensions also interact to provide smooth braking and steering. The DSTC stability system provides assistance if either of the drive wheels begins to lose traction or if a skid is imminent.

Information Provided by:
DEALER E-PROCESS

STEERING

Power-assisted hydraulic rack and pinion steering. Tilt and telescopic steering wheel column. 2.8 turns lock to lock.

Behind the wheel, you can enjoy steering that's both responsive and reassuring at all speeds. The optional speed dependent power steering gives progressively less power assistance the faster you drive. Higher steering precision and enhanced road feedback are easily enjoyed benefits. At lower speeds, added power assistance makes the car even easier to maneuver, for instance when parking.

BRAKES

Power-assisted anti-lock disc brakes (ABS), ventilated discs front. OHB (Optimized Hydraulic Brakes). HBA (Hydraulic Brake Assist). RAB (Ready Alert Brakes). FBS (Fading Brake Support). EBD (Electronic Brake Distribution) between the front and rear brakes. Diagonal-split braking system. Power Parking Brake (PPB).

Generously dimensioned anti-lock disc brakes and optimized hydraulics help to ensure a short stopping distance in all situations. Furthermore, they withstand tough use without fading. HBA helps you use your brakes to the full in an emergency situation, while RAB anticipates severe braking and prepares for it by moving the brake pads closer to the discs. FBS automatically compensates for the higher pedal forces required after long periods of heavy braking. EBD distributes the braking effect between the front and rear wheels to achieve optimal results according to load and driving conditions. The Electric Parking Brake makes moving off from steep gradients easier. Once depressed, the control lever automatically releases as the car pulls away. It can even be set to engage automatically as you extract the key.

TAKING CARE OF YOUR OWNERSHIP NEEDS.

Volvo Leasing and Financing Offers:
Special offers are available to finance your new Volvo product through our preferred provider, US Bank. Whether you are looking for the convenience of a lease or the pride of owning your Volvo vehicle, our nationwide network of retailers and authorized financial service providers are ready to assist you with all your financing needs. Please contact your local retailer for details .

On Call roadside assistance
Whenever you need us, we're just a phone call away. Our nationwide network of retailers and authorized service providers are ready to assist. Whether you require roadside assistance or maps and routing information for your next trip, refer to your On Call Card and dial 1-800-63-VOLVO – anytime, day or night. Your complimentary four-year membership activates the moment you become a Volvo owner.

Volvo new car warranty
Your new car warranty provides comprehensive coverage for four years or 50,000 miles, whichever occurs first. Additional warranties cover corrosion, seat belts, the supplemental restraint system, emission systems, genuine Volvo replacement parts and genuine Volvo accessories. Should you encounter any problem with your Volvo, simply contact the nearest retailer for assistance. Where your warranty ends, Volvo Increased Protection (VIP) plans begin. To purchase the additional protection of a VIP plan, contact your local retailer.

Complimentary Factory Scheduled Maintenance
Volvo is committed to a premium ownership experience for its customers. To further enhance your ownership experience, all 2011 model year Volvo's sold new through Volvo retailers in the United States will include Complimentary Factory Scheduled Maintenance. This program provides scheduled maintenance coverage for the first 3 years or 36,000 miles, is designed to compliment your Volvo warranty, and will help ensure trouble free operation of your Volvo. Coverage includes factory recommended maintenance including oil and filter changes, checks and adjustments as listed in your Warranty and Maintenance Records Information booklet, for the first four maintenance services at intervals of 7,500, 15,000, 22,500 and 30,000 miles

Service must be performed within 1,500 miles before or after each scheduled interval. Coverage is limited to scheduled maintenance items listed in the 2011 model year Warranty and Maintenance Records Information booklet. Normal wear items such as brake pads and wiper blades are not covered under the Complimentary Factory Scheduled Maintenance. An authorized retailer must perform maintenance. Offer is transferable. Optional Factory Scheduled Maintenance program upgrades are also available that will allow you to customize coverage to meet your driving needs. See your Volvo retailer for details.

Volvo genuine service
The best way to ensure superior performance year after year is to bring your Volvo to your authorized retailer for regular maintenance. Our service advisors and factory-trained technicians are uniquely qualified to maintain your automobile. With the aid of advanced Volvo diagnostics, they follow all prescribed factory maintenance outlined in your service interval manual. Genuine Volvo Service is our ongoing commitment to you: to keep your Volvo performing smoothly long after other cars have given up.

Volvo mobility program
The goal of the Volvo Mobility Program is to assist persons with physical disabilities or hearing impairment. For those with exceptional transportation needs, this can be facilitated within the extraordinary comfort and safety of a specially adapted Volvo. For additional information on this program, please contact the Volvo Mobility Program Headquarters at (800) 803-5222 or visit **www.volvocars.us/mobility**. TTY users are invited to call 1-800-833-0312.

Personal shopper
The Volvo Personal Shopper is dedicated to providing you with a whole new level of shopping convenience. Whether you'd like help identifying the Volvo model that best fits your lifestyle, detailed information on any Volvo model, or a comparison against the competition, Volvo is there to help. We can arrange a Guest Drive for you at your nearest Volvo Retailer. So make the most of your shopping time and call the Volvo Personal Shopper at 1-800-550-5658. (U.S. only)

VOLVO OVERSEAS DELIVERY.

Volvo Overseas Delivery offers a unique way to buy your new custom-built car as well as a unique way to see more of Europe. And when you're done traveling, bring the pleasure of driving a Volvo back home. Purchase any new Volvo as part of the Volvo Overseas Delivery Program and enjoy all this – and more:

- Attractive pricing on US models.
- Access to colors and certain features normally only available in Europe.
- 15 days of international insurance and export registration included.
- Two complimentary round-trip tickets with Scandinavian Airlines.
- One free hotel night in Gothenburg, Sweden, the home of Volvo.
- An exciting Volvo Factory Tour or a visit to the new Volvo Brand Experience Center.
- An exclusive VIP delivery experience at the Volvo Factory Delivery Center.
- The opportunity to explore Europe in the comfort and safety of your own Volvo, either with one of our spectacular tours or on your own.

TO LIVE LIFE IS TO CARE ABOUT IT.
Every moment in a Volvo is a moment designed to celebrate life. A life full of twists and turns, ups and downs; the little things as well as the big ones. Of course, to live life to its fullest isn't just about you; caring for others is important as well.

For more than eighty years we have helped save lives on roads around the world. Nevertheless, when it comes to improving automotive safety, we will never be satisfied. And while we're seeking new solutions, our existing safety systems are preventing many accidents from happening and providing some real protection when they do.

Our passion for life means looking after our children's children, too. Which is why we try to balance the needs of our company with those of society. With this bigger picture in mind, we develop engines and technology that have less impact on mother earth. This approach also explains why we pay so much attention to your immediate environment – in the car. Simply put, we care about you – and the whole circle of life.
